

Children's Services  
Industrial Advisory Service

*Tailored to meet the needs of South Australian  
child care & OSHC services*

## **Confidential, sector specific support and information**

Child care and Out of School Hours Care (OSHC) services are complex organisations. They must comply with quality assurance, regulations, standards and laws governing industrial relations and Occupational Health and Safety while maintaining financial viability and, most importantly, providing a quality environment for children.

The staff of Network SA Extra understand the children's services sector.

We care about the outcomes for children in your care.

We appreciate that the role of a children's services Director is complex and demanding.

We value the work of children's services staff.

Our annual subscription will entitle you to unlimited confidential calls or emails to us, when you need help on industrial and legal accountability matters relating to employment. Our staff have specialist skills and knowledge in management in a children's services context and access to specialist industrial support.

*Please note that, as this is a low cost service, we cannot advise on individual Enterprise Agreements. We can however refer you to specialists in negotiating workplace Agreements.*

## **Wage Bulletins**

Subscribers receive prompt advice when wage increases are approved.

## **Resources**

Additional resources such as contract of employment samples are available.

## **Reduced Training Costs**

Network SA Extra subscribers have access to free or low-cost seminars on industrial changes affecting the sector. In addition, other Network SA Training is offered at reduced rates.

Details of current training programs are published on our website [www.networksa.org.au](http://www.networksa.org.au).
